MEMORANDUM FOR RECORD

SUBJECT: WRAIR IRB: A Fully Constituted Ethics Committee with DoD and HHS Assurances

1. This memorandum confirms that the Walter Reed Army Institute of Research (WRAIR) Institutional Review Board (IRB) maintains its current membership in accordance with Federal requirements set forth in 45 CFR 46, 32 CFR 219, and 21 CFR 56. Since 2006, the WRAIR IRB has not supplied copies of its official membership roster to researchers/Sponsors. Instead, a copy of this memorandum should be maintained in the Principal Investigator's official study file. An exception can be made with strong justification. The last version of this memorandum was dated 17 February 2016.
2. The WRAIR maintains human subjects research assurances, which means that the institution agrees to comply with Federal, U.S. Army, Department of Defense (DoD), state, local and institutional laws, regulations, and policies.
3. The Assurances currently held include:
 - a. DoD Assurance: A20126 (covers all human subjects research at the WRAIR or by WRAIR staff engaged in non-exempt human subjects research)
 - b. HHS Federal Wide Assurance #:00000015 (covers research conducted or supported by or in collaboration with the U.S. Department of Health and Human Services (DHHS)).
4. The WRAIR also has a registered IRB under the U.S. DHHS Office of Human Research Protections (OHRP), IRB Registration#: 00000794.
5. Please note: The Human Subjects Protection Branch (HSPB) maintains a past and current listing of all members (& alternates) and other pertinent documentation (such as, training certificates) regarding WRAIR's IRB members.
